

**FOR IMMEDIATE RELEASE  
NOVEMBER 4, 2021**

**MIDLAND HEALTH PARTNERS  
WITH COMMUNITY CHILDREN'S  
CLINIC TO OFFER COVID-19  
VACCINES FOR AGES 5 TO 11**

Midland Health and Community Children's Clinic will be offering a COVID-19 vaccine clinic to those between the ages of 5 to 11 at the Community Children's Clinic, located at 1101 E Front Street.

The clinic will be held on Monday afternoons and appointments are **required**. The recently-approved pediatric dose of the Pfizer vaccine will be available only for those between the ages of 5 to 11. Appointments can be made on the Midland Health website ([midlandhealth.org/schedulemyvaccine](https://midlandhealth.org/schedulemyvaccine)) or by calling 432-221-4VAX (4829).

A parent/guardian must accompany the child to the appointment. In addition, **bring the completed registration and pre-screening forms** to your appointment. These forms along with the fact sheet (required reading) can be found at [midlandhealth.org/schedulemyvaccine](https://midlandhealth.org/schedulemyvaccine).

Weekly vaccination clinics will continue to be held at the F. Marie Hall Outpatient Center for individuals seeking a COVID-19 vaccine that are 12 years of age and older. Go to [midlandhealth.org/schedulemyvaccine](https://midlandhealth.org/schedulemyvaccine) or call 432-221-4VAX (4829) for scheduling information.

A special thanks to Midland County, the City of Midland and the Community Children's Clinic for assistance with this clinic.

Tasa Richardson, Public Relations Manager
